

Publikationen

Mössner R, Daniel S, Albert D, Heils A, Okladnova O, Schmitt A, Lesch KP.
Serotonin transporter function is modulated by brain-derived neurotrophic factor (BDNF) but not nerve growth factor (NGF). *Neurochem Int.* 2000 Mar;36(3):197-202.

Mössner R, Albert D, Persico AM, Hennig T, Bengel D, Holtmann B, Schmitt A, Keller F, Simantov R, Murphy D, Seif I, Deckert J, Lesch KP.
Differential regulation of adenosine A(1) and A(2A) receptors in serotonin transporter and monoamine oxidase A-deficient mice. *Eur Neuropsychopharmacol.* 2000 Dec;10(6):489-93.

Mössner R, Daniel S, Schmitt A, Albert D, Lesch KP.
Modulation of serotonin transporter function by interleukin-4. *Life Sci.* 2001 Jan 12;68(8):873-80.

Mössner R, Dringen R, Persico AM, Janetzky B, Okladnova O, Albert D, Gotz M, Benninghoff J, Schmitt A, Gerlach M, Riederer P, Lesch KP.
Increased hippocampal DNA oxidation in serotonin transporter deficient mice. *J Neural Transm.* 2002 May;109(5-6):557-65.
